RING SIZE GUIDE

This guide is to be used with an existing ring to find out your ring size.
For greatest accuracy use a ring with a similar band width and style to the
one you want to buy. Follow the steps below to determine your size

STEP 1
Print this page out to 100% (ensure page scaling is set to 'none' on your printer). Once printed, check the size by measuring the line below. It should be exactly 5cm /1.97"

STEP 2
Place your ring on the chart below and match the inside edge of the ring to the circle in the nearest size

STEP 3
The letter that fits best within the circle is your ring size. If the ring falls somewhere between two sizes, you should opt for the bigger size.
